PROFESSIONAL EXPERIENCE

Associate Banker — JPMorgan Chase, Westford, MA

June 2025 – Present

- Execute 15–20 customer transactions daily on the teller line with strong accuracy and full regulatory compliance
- Guide account maintenance and outbound client calls, proactively identifying account needs and resolving issues
- Evaluate customer financial needs and recommend appropriate banking solutions, strengthening consultative sales and relationship-management skills

Shift Manager — Dunkin', Westford, MA

Oct 2022 – June 2024

- Supervised a team of 5–10 employees in a fast-paced environment, overseeing daily operations, cash handling, and inventory
- Improved team productivity through structured training, hands-on leadership, and real-time customer issue resolution

Barista — Starbucks, Westford, MA

June 2024 – May 2025

- Delivered consistent, high-quality customer service and supported store operations in a fast-paced, team-based environment

LEADERSHIP EXPERIENCE

IT & Technology Lead — Family Liquor Store (Family Business)

2020 – Present

- Operate as the sole technology resource for a family-owned retail store, diagnosing and resolving hardware, software, and connectivity issues on an ongoing basis
- Spearheaded the complete technology overhaul during a full store renovation, selecting and implementing new POS, payment, and networking systems
- Continuously introduce and maintain new technology to connect the store to digital tools, improving day-to-day efficiency and customer experience

President — Gujarati Student Association (GUSA), UML

2026 – Present

- Founded the organization and secured official university recognition from the ground up
- Direct executive board operations, strategic planning, and end-to-end event execution
- Grew student engagement across the campus community through professional, networking, and cultural programming
- Oversee logistics, budgeting, and team operations across the organization

Youth Leader, Event Operations & Program Lead — Bhagat Samaj

2013 – Present

- Organize and execute community programs and events for a 1,000+ member local community with global reach, ranging from small gatherings to large-scale celebrations (200+ attendees)
- Co-organized "Youth Milan," a national youth cultural event bringing together attendees from across the country to connect and engage with cultural heritage; helping plan the next installment for 2027
- Direct audio/lighting production as event DJ, formalizing operational standards and workflows for the organization's DJ & Lighting Program
- Develop and direct youth leadership development programming, mentoring incoming volunteers on event production and project management

PROJECTS

Banking Operations Analysis

Academic Project

- Analyzed a large volume of transactional banking data using Excel pivot tables and lookup-driven analyses to uncover recurring inefficiencies and operational trends
- Presented data-driven recommendations that informed improvements to reporting accuracy and operational decision-making

Regression Analysis of Top Hits in Music

Academic Project

- Engineered a multivariate regression model analyzing 13 variables from Spotify and YouTube data to predict song popularity (R^2 of 0.32–0.34); presented findings to peers and faculty, earning "Fan Favorite" recognition
